

To our valued customers and fellow members of the community,

Houska Automotive cares about the health and well-being of our customers, employees and associates. We understand the concern and uncertainty that COVID-19 is causing in our community. We want to share with you what we are doing as your trusted auto service center.

All of our locations clean their waiting rooms, bathrooms, shuttle cars and office areas with disinfectant daily and will be increasing that cleaning to several times per day.. We are also staying up to date with the World Health Organization and Center for Disease Control recommendations on their websites.

www.who.int

We also want to make sure you are aware of our complimentary pick up and delivery service. If you feel that you do not want to leave your home we will gladly arrange to pick up your car, service it and return it to you. Please feel free to take advantage of our services. We are here to make your automotive service and repair as easy as possible. If you do want to bring your car in and just don't want to have human interaction please feel free to use our after hours envelopes any time of the day.

We will continue to monitor the evolving situation and take the necessary steps to do our part in keeping the community safe. If we stand together and help each other as a community we will all get through this.

Thank you for trusting us with your vehicle and for your confidence in our staff and quality of service we offer you daily for almost 70 years..

The Houska Automotive Family
